

Your Training at a Glance

Tippecanoe School Corporation • 2026–2027

Welcome, Champion. Your training is a set of short, self-paced Champion Lessons; most take about five to ten minutes each. The twelve core lessons build on one another; the six extra-credit lessons are yours to explore any time you want to go further.

START HERE Read the **INtegrate Champion Manual** first; it is your complete reference for the role. It covers how INtegrate works, your responsibilities, and the tools and forms you will use, all year long.
